RE: Disclosure Statement for "Technology and Child Development: Evidence from the One Laptop per Child Program"

I declare that I have no relevant or material financial interests that relate to the research described in this paper.

IRB approval was not obtained since the intervention was funded and implemented by the Government of Peru and the data collection and analysis was funded entirely by the Inter-American Development Bank. These institutions do not have an IRB approval process.

A handwritten signature in blue ink, appearing to read "Pablo Ibarra", is written over a horizontal line. The signature is stylized and somewhat cursive.
