

Disclosure statement by Andrew A. Samwick for the submission “The Welfare Cost of Perceived Policy Uncertainty: Evidence from Social Security”

This research was supported by the U.S. Social Security Administration through grant #5 RRC08098400-03-00 to the National Bureau of Economic Research as part of the SSA Retirement Research Consortium.

Other than the support mentioned above, I have no relevant or material financial interests that relate to the research described in this paper.

We obtained IRB approval for this project from the Institutional Review Boards of the NBER (FWA #00003692, IRB Ref#11_007) and Dartmouth (FWA #00003095, IRB Ref #22748).
