*Disclosure of Related Activities*

In 2007-2008, I was a member of the Economic Expert Group convened by GAVI and AMC Sponsors that helped to design the pneumococcal pilot AMC discussed in the paper. Subsequently in 2008, I was a member of the Implementation Working Group that considered additional aspect of the AMC design. Neither of these activities was compensated.

In 2014-15, I consulted for the Gates Foundation on a project to recommend improvements to the UNICEF procurement mechanism for vaccines. I was compensated for this work.
