

Re-Examining the Contribution of Public Health Efforts to the Decline in Urban Mortality: Reply to Cutler and Miller

Disclosure Statement for D. Mark Anderson

Funding Source: Partial support for this research came from a *Eunice Kennedy Shriver* National Institute of Child Health and Human Development research infrastructure grant, R24 HD042828, to the Center for Studies in Demography and Ecology at the University of Washington. The funder had no role in the design and conduct of the study; collection, management, and interpretation of the data; preparation, review, or approval of the manuscript; and decision to submit the manuscript for publication.

Financial Disclosure: The author has no financial relationship relevant to this article to disclose.

Conflict of Interest: The author has no conflict of interest relevant to this article to disclose.

IRB Approval: This project did not involve the collection of data on human subjects and, as a result, did not require IRB approval.
