Re: Disclosure statement for submission AEJMicro-2021-0190 “Optimal non-linear pricing with data-sensitive consumers”, joint with Roland Strausz

Dear Leeat,

I declare that I have not received financial support for my private benefit. I have not received funding by an interested party. I have received research funding by the Deutsche Forschungsgemeinschaft (DFG, German Research Foundation) through the research grants CRC TR 224 and under Germany's Excellence Strategy EXC 2126/1-390838866. I do not hold a paid or unpaid position of a relevant organization. No party had the right to review the paper prior to its circulation. Because the paper does not use data, IRB approval does not apply.

Best wishes,

Daniel Krähmer
