

December 1, 2023

### **Disclosure Statement**

I am a World Bank employee and the program that the paper “Urban Public Works in Spatial Equilibrium: Experimental Evidence from Ethiopia” analyses (the Urban Productive Safety Net Program) was financed by a World Bank loan to the Government of Ethiopia. However, there is no gain to me, either professional or financial, from this paper reporting either positive or negative impacts of the program.

Please do not hesitate to contact me in case further clarification is required.

Best regards,

**Carolina Mejía M.**
