Dear Editor,

Please find below my disclosures for the paper “Keep your Enemies Closer: Strategic Platform Adjustments during U.S. and French Elections,” submitted to *The American Economic Review*.

IRB approval was not sought for this project as it is not an experiment and we only use publicly available data.

I would like to report that I am the cofounder of a company in Europe, eXplain (<https://explain.fr/>).

Besides this position, I have no relevant financial interests that relate to the research described in this paper.

Please do not hesitate to contact me should you require any further information.

Sincerely,

Vincent Pons
