

Disclosure statement for Satu Metsälampi

for the manuscript AEJApp-2024-0181 titled: "Which Reference Groups Matter and How?
A Relative Income Information Experiment with Administrative Data"

I declare that I have no relevant or material financial interests that relate to the research described in this paper.

I acknowledge the financial support from The Academy of Finland, project (grant no. 332550), Finnish Centre of Excellence in Tax Systems Research / Academy of Finland (grant no. 346250), the Austrian Science Fund (FWF, project SFB F6310), Finnish Cultural Foundation (grant no. 00210723) and the Yrjö Jahnsson Foundation (grant no. 20177011).

Our analysis utilizes experimental survey data combined with register data Statistics Finland. The experimental survey data will be archived at the Finnish Social Sciences Data Archive without personal identifiers. The register data is confidential and cannot be shared. The register data can be accessed for scientific research subject to a research permit from the authorities. However, we do not have permission to preserve the link between the survey data and the register data.

The study was approved by Hanken's Research Ethics Committee on December 12, 2019. The RCT ID is AEARCTR-0011720.
