To Whom It May Concern,

The manuscript “Designing Incentives for Impatient People: An RCT Promoting Exercise to Manage Diabetes” was written with financial support from the government of Tamil Nadu, the Initiative for Global Markets, J-PAL USI Initiative, the Chicago Booth School of Business, the Tata Center for Development, the Chicago India Trust, the Indian School of Business, the MIT Tata Center for Technology and Design, and the National Science Foundation (Dizon-Ross through Award # 1847087). IRB approval for the project was obtained from the IRBs of MIT, ISB, the University of Chicago, and IFMR. The experiment was registered on the AEA RCT Registry. Rebecca Dizon-Ross declares that she has no relevant or material financial interests that relate to the research described in this paper. No other party had the right to review this paper prior to its circulation.

Sincerely,

Rebecca Dizon-Ross
Associate Professor of Economics
