American Economic Journal: Economic Policy

Disclosure Statement for the paper "The Effect of Public Pension Wealth on Saving and Expenditure"

The author declares that he has no relevant or material financial interests that relate to the research described in this paper. The research in this paper has been supported by the Polish National Science Centre (Narodowe Centrum Nauki) through grant number 2012/05/B/HS4/01417. Our use of the data from the Polish Household Budget Survey is in compliance with data access regulations of the Polish Central Statistical Office.

We include a disclaimer and an acknowledgement in the paper.

Michał Myck is director of the Centre for Economic Analysis. For completeness with regard to any potential conflict of interest we list all institutions which – through grants or research projects – have funded research activities of CenEA since 2014:

- Stockholm Institute of Transition Economics (SE)
- The European Commission
- Polish National Science Centre (PL)
- The Polish Ministry of Family, Labour and Social Policy (until 2015 the Ministry of Labour and Social Policy) (PL) – funding through the European Social Fund
- The National Bank of Poland (PL)
- The National Institute on Ageing (US) – through project with the Munich Center for Economics of Aging (DE)
- Norway/EEA Grants
- Polish National Science Centre (PL)
- The Batory Foundation (PL)
- The Civil Development Forum - FOR (PL)
- Chancellery of the President of the Polish Republic (PL)
- Foundation for Polish Science (PL) – through project with the University of Warsaw

Representatives of none of the above mentioned institutions had any influence over the course of the analysis and preparation of the paper (except of course if they participated in seminars or conferences where the paper was presented) and have not reviewed the paper.
