Pricing Structure for AEA Journal Subscriptions

Subscriptions include all nine AEA publications. Pricing is based on a two-tier structure.

Tier 1 pricing applies to organizations identified as R1 universities by the Carnegie Classification of Institutions of Higher Education (aeaweb.org/journals/subscription-pricing/carnegie), as well as international universities included in the top 200 of the Shanghai Academic Ranking of World Universities (aeaweb.org/journals/subscription-pricing/shanghai). Tier 2 pricing applies to all other institutions.

Note: Digital subscriptions are limited to use within a single campus.* Branch campuses may be added at reduced rates, which are based on full-time enrollment (FTE). Custom pricing is available for institutions who are unable to limit access to users associated with the main campus.

*Related entities under the same governing body and located within a six-mile radius will be considered as a single campus.
