RE: Disclosure Statement regarding "What We Have Learned about Terrorism since 9/11"

Todd Sandler declares that he has no relevant or material financial interests that relate to the research described in this paper. He received grant money from the Center for Risk and Economic Analysis of Terrorism Events (CREATE), University of Southern California, from 2006 through 2014 to do research on topics concerning terrorism. He no longer receives funds from CREATE, which had been funded by the Department of Homeland Security. This past funding has no influence whatsoever on my writing this paper on terrorism research.

A handwritten signature in cursive script that reads "Todd Sandler".
