

From AEA Journals

RESEARCH HIGHLIGHTS

***Illumination of Key Economics
Research and Emerging Trends***

INFORM

AEA Research Highlights

- Article summaries provide a succinct knowledge transfer from journals published by the American Economic Association.
- Includes graphs, author interviews, videos, data visualizations, photos and related links.
- Listen to article authors discuss their research findings via podcast interviews.

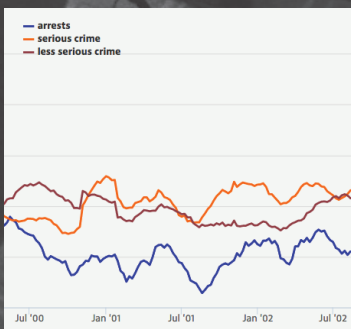

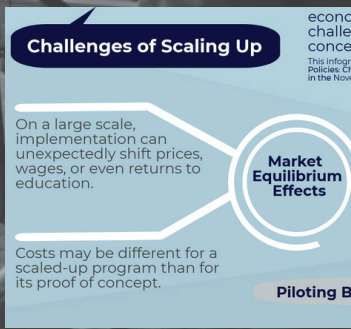

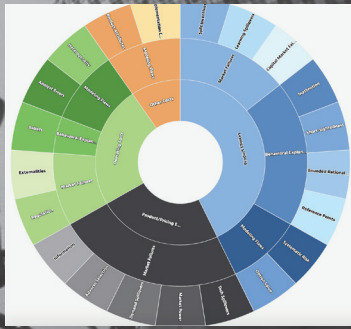

Use your mobile device to stay abreast of
emerging viewpoints
and research trends

ENGAGE

Readers can easily assess the significance and impact of research outcomes through illustrative media:

INTERVIEWS: Conversations with article authors provide expertise and personal insights

EDUCATE

What is economics?

Broader audiences gain insight into how the work of economists can help solve everyday problems.

- Is there a dark side to the commodity boom in Africa?
- Are the Olympics ever worth it for the host city?
- When hospitals compete, do patients win?
- What should we do about climate change?

PHOTOS: Research presented in the context of current news stories and hot topics.

CHARTS/GRAPHS: Enhanced with data, infographics, and other presentations of lessons drawn from research.

Great for the classroom!
